

# Rethinking Plastics – Now and in Future

Navigating towards a future without plastic pollution

Save the date: 27 September 2022

Dear Partners, Rethinkers and Circular Economy Supporters,

Only together can we navigate towards a future free from plastic pollution. On 27 September 2022, we warmly invite you to join our regional project closing event, a journey through solutions, lessons learnt and results to reduce and prevent marine plastic litter.

We are looking forward to exchanging with you about experiences as well as current trends and concrete next steps. The “Rethinking Plastics – Circular Economy Solutions to Marine Litter” project and partners will share insights from the joint work along the plastic value chain, across seven countries and two continents in the past 3,5 years.

Please save the date, we will share the detailed programme and location with you soon. You can already register to attend here:

[https://bit.ly/RethinkingPlastics\\_NowAndInFuture\\_online](https://bit.ly/RethinkingPlastics_NowAndInFuture_online)

The online event will take place from 13.00 to 16.00h (Bangkok, Jakarta, Hanoi), 14.00 to 17.00h (Beijing, Manila), 8.00 to 11.00h (CET).

Best regards  
The Rethinking Plastics project team
